**Unit of Service Rates**

The following provisional unit of service rates are effective for the fiscal year 2012-13. These rates may change as a result of new County pronouncements and changes in Tri-City’s provisional rates in effect with LACDMH.

| <b>Description of Service</b> | <b>Service Function Mode</b> | <b>Tri-City Provisional Rates</b> | <b>Tri-City Published Rates</b> | <b>County Maximum Allowance</b> |
|-------------------------------|------------------------------|-----------------------------------|---------------------------------|---------------------------------|
|                               |                              |                                   |                                 |                                 |
| Targeted Case Management      | 15/01-09                     | \$2.02                            | \$2.02                          | \$2.17                          |
| Collateral                    | 15/10-19                     | \$2.61                            | \$2.61                          | \$2.81                          |
| Mental Health Services        | 15/30-59                     | \$2.61                            | \$2.61                          | \$2.81                          |
| Medication Support            | 15/60-69                     | \$4.82                            | \$4.82                          | \$5.18                          |
| Crises Intervention           | 15/70-79                     | \$3.88                            | \$3.88                          | \$4.17                          |
|                               |                              |                                   |                                 |                                 |
|                               |                              |                                   |                                 |                                 |
