Provide detail for any checked item: _____
_____
_____

*"Seriously emotionally disturbed" means minors under the age of 18 who have a mental disorder as identified in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, other than a primary substance use disorder or developmental disorder, which results in behavior inappropriate to the child's age according to expected developmental norms. Members of this target population shall meet one or more of the following criteria:

A) As a result of the mental disorder the child has substantial impairment in at least two of the following areas: self-care, school functioning, family relationships, or ability to function in the community; and either of the following occur:
(i) The child is at risk of removal from home or has already been removed from home.
(ii) The mental disorder and impairments have been present for more than six months or are likely to continue for more than one year without treatment.

B) The child displays one of the following: psychotic features, risk of suicide or risk of violence due to a mental disorder.

C) The child meets special education eligibility requirements under Chapter 26.5 (commencing with Section 7570) of Division 7 or Title 1 of the Government Code. (California Welfare and Institutions Code Section 5600.3)

**(SPMI) For TAY ages 16-25 may include significant functional impairment in one or more major areas of functioning (e.g., interpersonal relations, emotional, vocational, educational, or self-care) for at least 6 months due to a major mental illness. The individual's functioning is clearly below that which had been achieved before th onset of symptoms. If the disturbance begins in childhood or adolescence, however, there may be a failure to achieve the level of functioning that would have been expected for the individual rather than deterioration in functioning.
