

# Community Wellbeing Grant

## Building Community Capacity

Tri-City Mental Health Services recognizes that prevention of mental and emotional distress can be as vital as treating those who are already suffering. We would like to support and partner with the communities and groups in the cities of Pomona, La Verne and Claremont that are doing the vital work of maintaining or improving the wellbeing of their members.

### What is the Community Wellbeing Grant?

The Community Wellbeing Grant (CWB), as part of the Tri-City Prevention and Early Intervention Plan, provides monetary grants and technical assistance to help communities build their own capacity to strengthen the wellbeing of their members and the community as a whole.

### How you and your community can benefit:

If selected, your community will receive numerous forms of support including:

- ◆ **A grant of up to \$10,000 to fund projects that enhance the wellbeing of your members**
- ◆ Greater awareness of mental health and wellbeing in your community
- ◆ The opportunity to network and share with other communities in the area
- ◆ Connection to resources that might be useful for helping your members or accomplishing your mission
- ◆ Support and skill development in leadership, data analysis, and more!

## BIDDERS' CONFERENCE
