## INDEPENDENT AUDITORS' REPORT

To the Governing Board of  
Tri-City Mental Health Center  
Claremont, California

### Report on the Financial Statements

We have audited the accompanying financial statements of Tri-City Mental Health Center (Tri-City), as of and for the years ended June 30, 2017 and 2016, and the related notes to the financial statements, which collectively comprise Tri-City's basic financial statements as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Tri-City, as of June 30, 2017 and 2016, and the changes in financial position, and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Other Matters***

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of proportionate share of the net pension liability and schedule of contributions, on pages 3-18 and 55 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 6, 2017, on our consideration of Tri-City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tri-City's internal control over financial reporting and compliance.

## **TRI-CITY MENTAL HEALTH CENTER**

### **MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

The following management's discussion and analysis of the Tri-City Mental Health Center ("Tri-City"), a Municipal Joint Powers Authority ("JPA") financial statements present a narrative overview and analysis of Tri-City's financial activities for the fiscal year ended June 30, 2017, along with comparative information for fiscal years ended 2016 and 2015. The information presented here should be read in conjunction with Tri-City's basic financial statements and other information furnished in this report.

#### ***BACKGROUND***

##### **General**

Tri-City Mental Health Authority, also designated and known as 'Tri-City Mental Health Center' ("Tri-City") was formed on June 21, 1960 and established through a Joint Powers Authority Agreement between the Cities of Pomona, Claremont and La Verne pursuant to the provisions of the Joint Exercise of Powers Act, Article 1, Chapter 5, Division 7, Title 1 of the Government Code of the State of California, Section 6500, et seq. relating to the joint exercise of powers common to public agencies, and the provisions of the Bronzan-McCorquodale Act/Short-Doyle Act, Part 2, Section 5600, et seq., of the Welfare and Institutions Code (WIC) of the State of California, to deliver mental health services to the residents of the three Cities. This action was taken out of a desire on the part of officials from the three Cities to provide the highest quality services for local residents. For almost fifty-five years, Tri-City has cared for and served local children, youth, adults and older adults.

Pursuant to the Joint Powers Authority Agreement, Tri-City is a public agency governed by a Governing Board ("Board") composed of seven members. The Governing Board has the powers common to public agencies as enumerated in the Joint Exercise of Powers Act, and the authority deemed necessary and required for the operation and maintenance of Tri-City to serve those individuals residing in the three Cities.

As the Mental Health Authority, Tri-City is limited to and responsible only for providing outpatient speciality mental health services to residents of the cities of LaVerne, Pomona, and Claremont. Tri-City is not a Mental Health Plan and therefore not bound by the MHP provisions of Title 9 CCR. However, Tri-City is one of two entities that are not considered to be MHPs that receive Realignment Revenues from the State of California and also receive directly Mental Health Services Act (MHSA) funds which are used in its MHSA program, which is separate and apart from the MHSA program of Los Angeles County. Because Tri-City has not been reflected in waivers between the State of California and the federal government, namely Centers for Medicaid and Medicare Services (CMS), and to be consistent with 42 CFR 438.60, the State has required Tri-City to contract with Los Angeles County through a Legal Entity Agreement so that the State may pay State General Funds and Federal Financial Participation funds relating to Tri-City's Non-EPSDT (i.e. Adult and Expanded Medi-Cal) and EPSDT (Early and Periodic Screening, Diagnostic and Treatment) services to a MHP, in this case Los Angeles County, who then passes through those funds to Tri-City. This agreement provides Tri-City the mechanism to drawdown federal and state Medi-Cal funding, in particular EPSDT funding.

Since Tri-City's formation to the current period, Tri-City has provided mental health care services for the residents of Pomona, Claremont and La Verne. These services are provided to all age groups including children (0-15), transition age youth (16-25), adults (26-59) and older adults (60+), and in most cases the consumers are either eligible under the Medi-Cal programs or are indigent. Over the past seven years, Tri-City Mental Health Center has continued to develop its operations into a system of care for the residents of the three cities. This includes the continuation of Tri-City's outpatient clinics and the implementation of new programs approved through the Mental Health Service Act (MHSA).

Tri-City's outpatient clinics located in Pomona provided services to approximately 1,734 unduplicated clients during the past fiscal year, which include high intensity mental health services through Tri-City's Full Service

Partnership (FSP) MHSA program. Through the efforts to provide a continuum of care and in order to meet the needs of Tri-City's residents, the clinical team continually implement new groups available to the community both at the outpatient clinics and at the Wellness Center and previously increased the hours of clinic operations to include later appointment hours for children and their families.

As mentioned above, in addition to the outpatient clinical operations, Tri-City has operations established through the Mental Health Services Act (MHSA). The MHSA Community Services and Support (CSS) programs and the Prevention and Early Intervention (PEI) programs are fully operational. The Innovations programs approved in fiscal 2011-12 were completed in fiscal 2014-15 and two new Innovation programs began in fiscal 2015-16 which are scheduled to complete during fiscal 2017-18. The Workforce, Education and Training (WET) Plan approved in 2012 has been implemented and based on the success of the WET programs, additional funds were transferred from CSS funds to the WET plan in 2016-17 per the approved MHSA 2016-17 annual update. The initial Technology Projects under Capital Facilities/Technological Needs (CFTN) Plan approved in 2014 were completed as of the end of fiscal 2015-16. In fiscal 2014-15 the CFTN Plan was updated to include Capital Facility projects and updated again in fiscal 2015-16 based on more project information. These capital projects were completed in fiscal 2015-16 and the related approved funds have been used. Based on anticipated need of future capital projects, with specific projects to be approved at a later date, additional funds were transferred from CSS funds to the CFTN plan in fiscal 2016-17 per the approved MHSA 2016-17 annual update.

In addition to ongoing CSS programs providing mental health services, over the past several years, Tri-City has implemented CSS housing projects under its approved CSS Housing Plan funded by State designated CSS funds and CSS funds approved by the MHSA annual updates. These projects include three apartment developments (owned by the developers), two in the City of Pomona and one in the City of La Verne, as well as the purchase of homes by Tri-City, one home in the City of Pomona and one in the City of Claremont. It is anticipated that these projects will provide low income housing to approximately 64 Tri-City clients that have mental illness and are either homeless or at risk of homelessness. In accordance with the MHSA CSS Housing Plan, all Tri-City residents of these projects are or will receive mental health support from Tri-City.

Funding of Tri-City's operations come from Realignment (initiated in 1991 under the Bronson-McCorquodale Act), MHSA (initiated in 2005 through the passage of Proposition 63) and Medi-Cal reimbursement from the federal government and State. Realignment, which is funded from California State taxes, is the only source of funds besides Medi-Cal reimbursement that can be used to provide Medi-Cal services at the outpatient clinics, as well as non Medi-Cal clinic services and operating costs. MHSA funding can only be used for MHSA programs and can be leveraged by Medi-Cal reimbursement and other services for services provided through FSP and other MHSA programs.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016

#### *OVERVIEW OF THE FINANCIAL STATEMENTS*

The financial statements include the *Statements of Net Position*, the *Statements of Revenues, Expenses and Changes in Net Position* and the *Statements of Cash Flows*. These Statements should be read in conjunction with the *Notes to the Financial Statements*. A further description of these Statements is provided below.

The *Statements of Net Position* presents information on all of Tri-City's assets, liabilities, and deferred inflow and outflow of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Tri-City is improving or deteriorating.

The *Statements of Revenues, Expenses, and Changes in Net Position* presents information showing how Tri-City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The *Statements of Cash Flows* reports inflows and outflows of cash and is classified into four components:

- *Cash flows from operating activities* include transactions and events reported as components of the operating income in the Statements of Revenues, Expenses, and Changes in Net Position.
- *Cash flows from non-capital financing activities* include proceeds from Realignment, funds received from the State of California for the implementation and provision of services as approved under the Mental Health Services Act, and contributions from member cities.
- *Cash flows from capital and related financing activities* include the borrowing and repayment (principal and interest) of capital-related debt and the acquisition and construction of capital assets.
- *Cash flows from investing activities* represent proceeds from the receipt of interest.

- **Total Assets** are comprised of cash, accounts receivable, capital assets and deposits.
- *Comparison of June 30, 2017 to June 30, 2016.* At June 30, 2017, Tri-City reflected an increase in total assets of approximately \$3.1 million. The most significant amount attributing to the total increase in assets includes the increase in accounts receivable in the approximate amount of \$2.6 million. During fiscal 2017, Tri-City experienced a delay in the collection of Medi-Cal and EPSDT payments. This delay resulted from a temporary system glitch identified at the State level that as a result created a delay in the processing of Medi-Cal claims, specifically the Federal fund match. The system glitch has been reported to have been resolved and Tri-City estimates reimbursements will resume in October of 2017. Total cash and investments at June 30, 2017 was approximately \$21.6 million reflecting an increase of approximately \$838 thousand from the balance at June 30, 2016 of \$20.7 million. The most significant amounts attributing to the overall increase in cash included the increase of MHSA payments received by Tri-City during Fiscal 2017 in the approximate amount of \$10.3 million as compared to \$7.9 million in Fiscal 2016. Additionally, during this fiscal year Tri-City was in receipt of MHSA and Realignment funding which exceeded cash used in operating and capital activities. Total net capital assets decreased by approximately \$220 thousand representing purchases of approximately \$264 thousand less depreciation of approximately \$484 thousand. The

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016

most significant capital purchases that occurred during fiscal 2017 included the purchase of several vehicles in the approximate amount of \$208 thousand which were approved as part of the 2016-17 Annual MHSA Plan Update approved by the stakeholders in May of 2016 (also see Note #6).

- Comparison of June 30, 2016 to June 30, 2015. At June 30, 2016, Tri-City reflected an increase in total assets of approximately \$53 thousand. Total cash and investments at June 30, 2016 was approximately \$20.8 million reflecting a decrease of approximately \$2.7 million from the balance at June 30, 2015 of \$23.5 million. The most significant amounts attributing to the overall decrease in cash included payments made totaling approximately \$2.5M to Tri-City's two remaining bankruptcy claims (as further explained at Note #7). During this fiscal year Tri-City was in receipt of MHSA and Realignment funding which exceeded cash used in operating and capital activities, and experienced an increase in accounts receivable of approximately \$597 thousand. Additionally, Tri-City was in receipt of \$636 thousand for prior year SB90 claims and in receipt of \$257 thousand relating to an EPSDT pre-petition appeals settlement for fiscal 2002-03. Net capital assets increased by approximately \$2.3 million representing purchases of approximately \$2.8 million less depreciation of approximately \$490 thousand. The most significant purchases that occurred during fiscal 2016 included the purchase of an office building in Pomona and the purchase of a home in Claremont as part of Tri-City's CSS Housing Plan (further explained in Note #6).
  
- **Deferred Outflows of Resources**
  - Comparison of June 30, 2017 to June 30, 2016. As more fully explained at Note #9B to the financial statements, during fiscal 2015 Tri-City implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. This statement requires the recognition of Tri-City's net pension liability on the Statement of Net Position. As a result of this implementation, in the prior year and going forward, certain amounts attributing to Tri-City's proportionate share of the CalPERS Cost Sharing Plan liability result in amounts that are deferred due to timing differences. These amounts include contributions paid by Tri-City subsequent to the measurement date of the net pension liability and are classified within the caption titled Deferred Outflow of Resources. This separate financial statement caption represents a future decrease to net position that applies to a future period and would not be recognized as an outflow of resources (expense) until that time. Accordingly, Tri-City has classified the total amount of \$2,630,123 as Deferred Outflows of Resources at June 30, 2017 which reflects an increase of approximately \$1.4 million from the prior year. The increase is primarily due to the net difference between expected and actual earnings on pension plan investments (also refer to Note #9B).
  
  - Comparison of June 30, 2016 to June 30, 2015. As more fully explained at Note #9B and the paragraph above, the Deferred Outflows Related to Pensions in the amount of \$1,251,844 at June 30, 2016 reflects an increase of approximately \$489 thousand from the prior year. The increase is primarily due to a difference in Tri-City's actual contributions and Tri-City's proportionate share of the contributions, net of applicable amortization.
  
- **Total Liabilities** are comprised of current and noncurrent liabilities, including long-term notes payable, bankruptcy liabilities, estimated third party payor settlements and unearned MHSA revenues.
  - Comparison of June 30, 2017 to June 30, 2016. Total liabilities increased by approximately \$1.5 million from \$14.2 million at June 30, 2016 to \$15.7 million at June 30, 2017.

## TRI-CITY MENTAL HEALTH CENTER

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016

This change is mainly due to the payments made of \$488 thousand toward the remaining bankruptcy liabilities (as further explained at Note #7 to the financial statements) and offset by the recognition and increase of the net pension liability (as more fully described at Note #9B of the financial statements). Tri-City's proportionate share of the Plan's pooled net pension liability at June 30, 2017 is \$3,781,246. The increase to this liability was approximately \$1.2 million from fiscal 2016, primarily as a result of net increases and decreases in the changes of assumptions, changes in employer's proportion, differences between projected and actual investment earnings, projected and actual experience, and differences between employer's contributions and proportionate share of contributions.

The Unearned MHSA Revenues increased by the approximate amount of \$322 thousand during fiscal 2017. At June 30, 2017, noncurrent unearned MHSA revenues were approximately \$500 thousand as compared to \$179 thousand at June 30, 2016. The unearned MHSA revenue recorded in noncurrent liabilities at June 30, 2017 and 2016 reflect the receipt of MHSA funds that cannot be used until new or updated MHSA programs have been approved through the required MHSA process, which includes stakeholder meetings and input from stakeholder work groups, review and recommendations by the Mental Health Commission and final Governing Board approval. During fiscal 2017 and 2016, as a result of new MHSA programs and updates, approximately \$8.3 million and \$6.8 million in MHSA Revenues Restricted for Future Period was identified as approved and available to be spent in fiscal 2018 and 2017, respectively. In addition to noncurrent Unearned MHSA revenues and bankruptcy debt, noncurrent liabilities include the mortgage note payable and the City of Pomona HUD Loan. The mortgage note payable decreased by approximately \$26 thousand due to the debt service payments made during the fiscal year.

Lastly, the third largest liability in the amount of \$3,331,836 for Estimated Third Party Payor Settlements (more fully described at Note #8) increased by approximately \$333 thousand from the prior year's amount of \$2,998,309. This liability increases each year as a percentage of each year's billings and would decrease upon Los Angeles County Department of Mental Health's (LAC DMH) final cost report settlement with the State. No settlements occurred during fiscal year 2017. Additional changes to the total net increase in total liabilities were net increases in other current liabilities reflecting the growth in Tri-City's MHSA services and staffing.

- *Comparison of June 30, 2016 to June 30, 2015.* Total liabilities decreased by approximately \$1.9 million from \$16.1 million at June 30, 2015 to \$14.2 million at June 30, 2016.

This change is mainly due to the payments made toward the remaining bankruptcy liabilities (as further explained at Note #7 to the financial statements) and slightly offset by the recognition and increase of a net pension liability as previously noted and more fully described at Note #9B of the financial statements. Tri-City's proportionate share of the Plan's pooled net pension liability at June 30, 2016 is \$2,535,970 and was required to be recognized (as previously disclosed) as of July 1, 2014 (Fiscal 2015). The increase to this liability was approximately \$75 thousand from fiscal 2015.

The Unearned MHSA Revenues increased by the approximate amount of \$115 thousand during fiscal 2016. At June 30, 2016, noncurrent unearned MHSA revenues were approximately \$178 thousand as compared to \$63 thousand at June 30, 2015. The unearned MHSA revenue recorded in noncurrent liabilities at June 30, 2016 and 2015 reflect the receipt of MHSA funds that cannot be used until new or updated MHSA programs have been approved through the required MHSA process, which includes stakeholder meetings and input from stakeholder work groups, review and recommendations by the Mental Health Commission and final Governing Board approval. During fiscal 2016 and

## TRI-CITY MENTAL HEALTH CENTER

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016

2015, as a result of new MHSA programs and updates, approximately \$6.8 million and \$8.4 million in MHSA Revenues Restricted for Future Period was identified as approved and available to be spent in fiscal 2017 and 2016, respectively. In addition to noncurrent Unearned MHSA revenues and bankruptcy debt, noncurrent liabilities include the mortgage note payable and the City of Pomona HUD Loan. The mortgage note payable decreased by approximately \$25 thousand due to the debt service payments made during the fiscal year.

Additional offsets attributing to the net decrease in total liabilities were net increases in other current liabilities reflecting the growth in Tri-City's MHSA services and staffing.

- **Deferred Inflows of Resources** is comprised of MHSA Revenues Restricted for Future Period and Deferred Inflows Related to Pensions. This separate financial statement caption represents an increase to net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.
- Comparison of June 30, 2017 to June 30, 2016. At June 30, 2017 and June 30, 2016 the amounts reported for MHSA Revenues Restricted for Future Period under this caption totaled the approximate amount of \$7.8 million and \$6.8 million, respectively. The increase of approximately \$1.0 million was due to an overall increase of MHSA revenues (deferred for a future period) that are to be utilized during fiscal 2017. The MHSA revenue restricted for future period recorded within this caption reflect the receipt of MHSA funds in fiscal 2017 and 2016 and prior fiscal years not permitted for use during that fiscal year, but allocated to be used at the beginning of the next fiscal year per an approved MHSA plan.

In addition to MHSA Revenues Restricted for Future Period, the Deferred Inflows of Resources caption includes Deferred Inflows Related to Pensions. As noted previously, and as more fully described at Note #9B to the financial statements, GASB No. 68 was implemented during fiscal 2015. This statement required the recognition of Tri-City's proportionate share of the net pension liability on the Statement of Net Position. As part of the recognition of this liability, certain differences between expected and actual experiences, changes of assumptions, and changes in proportion associated with the actuarially determined liability are deferred and classified within this caption titled Deferred Inflows of Resources. Accordingly, Tri-City has classified the net effect of these changes in the amount of \$325,354 at June 30, 2017 and \$713,406 at June 30, 2016 as Deferred Inflow of Resources, net of applicable amortization. The net decrease of approximately \$388 thousand from fiscal 2016 to 2017 is primarily attributed to various actuarially determined amounts including changes in assumptions, and differences between expected and actual earnings on pension plan investments.

- Comparison of June 30, 2016 to June 30, 2015. At June 30, 2016 and June 30, 2015 the amounts reported for MHSA Revenues Restricted for Future Period under this caption totaled the approximate amount of \$6.8 million and \$8.4 million, respectively. The decrease of approximately \$1.5 million was due to an overall decrease of MHSA revenues to be utilized during fiscal 2016. The MHSA revenue restricted for future period recorded within this caption reflect the receipt of MHSA funds in fiscal 2016 and 2015 and prior fiscal years not permitted for use during that fiscal year, but allocated to be used at the beginning of the next fiscal year per an approved MHSA plan.

In addition to MHSA Revenues Restricted for Future Period, the Deferred Inflows of Resources caption includes Deferred Inflows Related to Pensions. As noted previously, and as more fully described at Note #9B to the financial statements, GASB No. 68 was implemented during fiscal 2015.

## TRI-CITY MENTAL HEALTH CENTER

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016

This statement required the recognition of Tri-City's proportionate share of the net pension liability on the Statement of Net Position. As part of the recognition of this liability, certain differences between expected and actual experiences and changes in proportion associated with the actuarially determined liability are deferred and classified within this caption titled Deferred Inflows of Resources. Accordingly, Tri-City has classified the net effect of these changes in the amount of \$713,406 at June 30, 2016 and \$1,140,419 at June 30, 2015 as Deferred Inflow of Resources, net of applicable amortization. The net decrease of approximately \$427 thousand from fiscal 2015 to 2016 is primarily attributed to various actuarially determined amounts including changes in assumptions, and differences between expected and actual earnings on pension plan investments.

- **Net Position** is the difference between total assets plus deferred outflows of resources, less liabilities and deferred inflow of resources.
  
- At June 30, 2017. Tri-City's net position at June 30, 2017 was approximately \$16.4 million, which is the result of total assets of \$37.6 million and total deferred outflow of resources of \$2.6 million less total liabilities and deferred inflow of resources of \$15.7 million and \$8.1 million, respectively. Net position is comprised of Net Investment in Capital Assets of approximately \$6.7 million (capital assets less the mortgage liability), Net Position Restricted for MHSA Programs of approximately \$10 million, and negative Unrestricted Net Position of approximately \$300 thousand. The decrease in Net Investment in Capital Assets of approximately \$200 thousand was primarily due the annual depreciation. The increase of \$900 thousand in Net Position Restricted for MHSA Programs is due to the increase in MHSA funding recognized into revenue which was unspent as of the end of the fiscal year. As a result of Tri-City's prior filing for bankruptcy in fiscal 2004 (as further explained at Note #7 to the financial statements), the total liabilities at June 30, 2017 include approximately \$5.0 million in bankruptcy liabilities that remain outstanding.
  
- At June 30, 2016. Tri-City's net position at June 30, 2016 was approximately \$14 million, which is the result of total assets of \$34.5 million and total deferred outflow of resources of \$1.2 million less total liabilities and deferred inflow of resources of \$14.1 million and \$7.5 million, respectively. Net position is also comprised of Net Investment in Capital Assets of approximately \$6.9 million (capital assets less the mortgage liability), Net Position Restricted for MHSA Programs of approximately \$9 million, and negative Unrestricted Net Position of approximately \$1.9 million. The increase in Net Investment in Capital Assets of approximately \$2.5 million was primarily due to the purchase of an office building and a home as part of Tri-City's CSS Housing Plan during fiscal 2015-16 (as more fully described at Note #6 to the financial statements). The decrease of \$600 thousand in Net Position Restricted for MHSA Programs is due to the decrease in MHSA funding recognized into revenue which was unspent as of the end of the fiscal year. As a result of Tri-City's prior filing for bankruptcy in fiscal 2004 (as further explained at Note #7 to the financial statements), the total liabilities at June 30, 2016 include approximately \$5.5 million in bankruptcy liabilities that remain outstanding.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016

#### Fiscal Year 2017 to 2016 Comparisons

- **Operating Revenues** — Operating revenues decreased approximately \$15 thousand. This decrease is primarily due to one-time other revenues received in the prior year of approximately \$25 thousand. In addition, Tri-City experienced slightly lower Medi-Cal revenues, net of provision for doubtful accounts, of approximately \$7 thousand, a less than 1% decrease. Additionally, Tri-City recorded an increase in revenue from rents of approximately \$22 thousand which Tri-City receives from the lease of supportive housing to its clients.
- **Operating Expenses** — Total operating expenses increased by approximately \$1.3 million (8.2%) in fiscal 2017 as compared to fiscal 2016. This increase was mainly due to an increase in salaries and benefits costs of approximately \$1.2 million, and increased client costs of approximately \$270 thousand and then offset by a decrease in other operating costs of approximately \$138 thousand and decreased facility and equipment costs of approximately \$7 thousand.

Total operating expenses increased approximately \$1.3 million. Approximately \$550 thousand of the increase was for outpatient clinic services operating expenses, and approximately \$956 thousand was attributed to MHSA programs operating expenses. During the year, previously vacant clinical positions were filled in the outpatient clinic and the Full Service Partnership programs. As such, the main increase for both the outpatient clinic and MHSA operations was due to an increase in salaries and benefits expense of approximately \$877. Additionally there was an increase in MHSA client lodging, transportation and supply expense of approximately \$277 thousand. The increase previously noted to operations was offset by a decrease in overall depreciation resulting from a fully depreciated building and other assets.

- **Operating Loss** — Operating losses do not include non-operating revenues such as Realignment funding or MHSA funding, which are two of Tri-City's major sources of funding. These funds are included in non-operating revenues as discussed below. Therefore, the financial statement presentation reflects operating losses of approximately \$10.9 million in fiscal 2017 compared to \$9.6 million in 2016. The increase in operating losses resulted primarily from higher operating expenses which included an increase of approximately \$1.2 million in salaries and benefits expense.
- **Non-Operating Revenues (Expenses), Net** — Non-operating revenues (expenses) were approximately \$13.3 million in fiscal 2017 and \$13.5 million in fiscal 2016, a decrease of approximately \$231 thousand. This change is mainly due to overall decreases in MHSA funds recognized during fiscal 2016-17 by approximately \$453 thousand. As noted previously, MHSA Funds are recognized in the fiscal year in which an approved plan has been adopted through the required MHSA Update process. The 2016-17 MHSA update reflected a total decrease in required MHSA funds of approximately \$453 thousand, primarily as a result of completing a Capital Facilities and Technology Needs project which included the purchase and improvement of a new building and a result no more funds for this Plan were needed. These reductions were offset by projected required increases in other MHSA Plans including funding in the CSS program of approximately \$423 thousand, and funding for the WET Programs of approximately \$107 thousand. In addition, required funding for the PEI programs reduced approximately \$7 thousand and INN programs reduced approximately \$128 thousand primarily as a result of the conclusion of prior INN programs.

## TRI-CITY MENTAL HEALTH CENTER

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016

- **Special Items** — Special items are the result of Tri-City's prior bankruptcy filing in fiscal 2004 and includes related settlement of pre-bankruptcy debt, pre-bankruptcy receivables and bankruptcy professional fees. During fiscal 2016 Tri-City received a payment from the State of approximately \$636 thousand for pre-bankruptcy SB90 claims that were previously 100% reserved with the expense reflected under Special Items. Therefore, the income related to the collection of these previously reserved receivables were also reflected under Special Items. No amounts were noted in fiscal 2017.
- **Changes in Net Position** — Tri-City's net position as of June 30, 2017 increased by approximately \$2.3 million compared to fiscal year 2016. The total change in net position of \$2.3 million for fiscal 2017 relates to revenues and non-operating income exceeding operating expenses. The combined Realignment funding and Medi-Cal revenues generated from Tri-City's outpatient clinic services provided during the year, exceeded the expenses incurred to provide outpatient services by approximately \$1.4 million. Medi-Cal revenues and MHSA funding with respect to MHSA programs exceeded MHSA program expenses by approximately \$529 thousand, as a result of Medi-Cal revenues generated from the MHSA FSP Programs which offset the expenses during the year. Additionally, as noted previously, the recognition of the net pension liability was as a result of the required implementation of GASB Statement No. 68 during fiscal 2015 which among other disclosures, required the recording of Tri-City's proportionate share of the net pension liability determined through the preparation of an actuarial valuation by CalPERS. As part of this recognition, a net debit of \$339,971 to pension expense resulted due to timing differences related to contributions and changes in proportionate shares which are components of this liability.

#### Fiscal Year 2016 to 2015 Comparisons

- **Operating Revenues** — Operating revenues increased approximately \$287 thousand. This increase is primarily due to higher Medi-Cal revenues, net of provision for doubtful accounts, of approximately \$234 thousand, a 4% increase. Approximately \$234 thousand of this increase is from Medi-Cal revenues produced by increased Full Service Partnership services provided in Fiscal 2016 under the MHSA CSS plan and Medi-Cal revenues reflected during 2016 for the outpatient clinic operations. In addition to Medi-Cal revenues, Tri-City recorded an increase in revenue from rents of approximately \$32 thousand which Tri-City receives from the lease of supportive housing to its clients.
- **Operating Expenses** — Total operating expenses increased by approximately \$371 thousand (2.4%) in fiscal 2016 as compared to fiscal 2015. This increase was mainly due to an increase in salaries and benefits costs of approximately \$326 thousand, increased facility and equipment costs of approximately \$113 thousand and increased client costs and other operating costs of approximately \$53 thousand. These increases were offset by a decrease in depreciation of approximately \$121 thousand.

As noted previously and more fully disclosed at Note #9B to the financial statements, GASB Statement No. 68 was previously implemented during Fiscal 2015. The implementation of this GASB required the recognition of Tri-City's proportionate share of the net pension liability determined by CalPERS. This implementation resulted in a decrease to total salaries and benefits expense by approximately \$840 thousand, which is the net amount of the various changes affecting the liability reported on the actuarial valuation dated June 30, 2014 through the measurement date June 30, 2015. Prior to the recognition of the above adjustment to decrease pension related expenses, total operating expenses increased approximately \$1.1 million. Approximately \$600 thousand of the increase was for outpatient clinic services operating expenses, and approximately \$500 thousand was attributed to MHSA programs operating expenses. During the year, previously vacant clinical positions were filled in the outpatient clinic and the Full Service Partnership programs. As such, the main increase for both the outpatient clinic and MHSA operations was due to an increase in salaries and benefits expense of approximately \$650

thousand and \$375 thousand, respectively. The increase in salaries and benefits expense to operations was offset by a decrease in overall depreciation resulting from a fully depreciated building and other assets.

- **Operating Loss** — Operating losses do not include revenues from Realignment funding or MHSA funding, which are two of Tri-City's major sources of funding. These funds are included in non-operating revenues as discussed below. Therefore, the financial statement presentation reflects operating losses of approximately \$9.6 million in fiscal 2016 compared to \$9.5 million in 2015. The increase in operating losses resulted primarily from higher operating expenses which included an increase of approximately \$326 thousand in salaries and benefits expense.
- **Non-Operating Revenues (Expenses), Net** — Non-operating revenues (expenses) were approximately \$13.5 million in fiscal 2016 and \$13.4 million in fiscal 2015, an increase of approximately \$46 thousand. This increase is mainly due to additional unexpected realignment funds received at the end of the year in the amount of \$194 thousand. The increase in realignment funds was offset by an overall decrease in MHSA funds recognized during fiscal 2015-16 by approximately \$173 thousand. As noted previously, MHSA Funds are recognized in the fiscal year in which an approved plan has been adopted through the required MHSA Update process. The 2015-16 MHSA update reflected a decrease in required MHSA funds of approximately \$723 thousand for the CSS programs, primarily as a result of an increase in projected Medi-Cal reimbursement of approximately \$400 thousand and a reduction in the projected costs of the CSS programs of approximately \$215 thousand. In addition, required funding for the INN programs reduced approximately \$92 thousand primarily as a result of the conclusion of prior INN programs. These reductions were offset by projected required increases in MHSA funding for the PEI programs of approximately \$300 thousand and increases in funding for the new Capital Facilities and Technology Needs (CFTN) plans of approximately \$356 thousand to complete the purchase and improvements of a new office building.
- **Special Items** — Special items are the result of Tri-City's prior bankruptcy filing in fiscal 2004 and includes related settlement of pre-bankruptcy debt, pre-bankruptcy receivables and bankruptcy professional fees. During fiscal 2016 Tri-City received a payment from the State of approximately \$636 thousand for pre-bankruptcy SB90 claims that were previously 100% reserved with the expense reflected under Special Items. Therefore, the income related to the collection of these previously reserved receivables were also reflected under Special Items.
- **Changes in Net Position** — Tri-City's net position as of June 30, 2016 increased by approximately \$4.5 million compared to fiscal year 2015. The total change in net position of \$4.5 million for fiscal 2016 relates to revenues and non-operating income exceeding operating expenses. The combined Realignment funding and Medi-Cal revenues generated from Tri-City's outpatient clinic services provided during the year, exceeded the expenses incurred to provide outpatient services by approximately \$1.2 million. Medi-Cal revenues and MHSA funding with respect to MHSA programs exceeded MHSA program expenses by approximately \$1.6 million, as a result of Medi-Cal revenues generated from the MHSA FSP Programs which offset the expenses during the year. The remaining increases in Net Position relate primarily to the receipt of \$636 thousand in prior year SB90 claims received from the state through LA DMH which related to services provided prior to the bankruptcy (also part of the bankruptcy settlement as more fully disclosed at Note #7 to the financial statements), and as such was classified as a Special Item in the Statement of Revenues, Expenses and Changes in Net Position. As noted previously, the recognition of the net pension liability was as a result of the required implementation of GASB Statement No. 68 during fiscal 2015 which among other disclosures, required the disclosure and recording of Tri-

City’s proportionate share of the pooled liability determined through the preparation of an actuarial valuation by CalPERS. As part of this recognition, a net credit of \$840,673 to pension expense resulted due to timing differences related to contributions and changes in proportionate shares which are components of this liability.

**Capital Asset and Debt Administration**

	<b>Capital Assets (Net of Depreciation)</b>		
	<b>2017</b>	<b>2016</b>	<b>2015</b>

Tri-City’s investment in capital assets as of June 30, 2017 and June 30, 2016 totaled approximately \$7.6 million and \$7.9 million, respectively. This investment in capital assets includes land, buildings and improvements, leasehold improvements, and furniture and equipment. The most significant changes occurred in fiscal 2016 which included the purchase and improvements of an office building in the City of Pomona, and the purchase of a home in Claremont as part of Tri-City’s CSS Housing Plan (further explained in Note #6). Depreciation expense for year ending June 30, 2017 and June 30, 2016 was approximately \$484 thousand and \$500 thousand, respectively. Additional information on Tri-City’s capital assets can be found in Note #6 to the financial statements.

Total	<u>\$ 10,316,665</u>	<u>\$ 9,264,479</u>	<u>\$ 11,548,019</u>

Tri-City’s noncurrent liabilities totaled \$10.3 million at June 30, 2017 and \$9.3 million at June 30, 2016. Noncurrent liabilities include the Mortgage for the location at 2008 N. Garey Ave, in the City of Pomona, the remaining bankruptcy liabilities for a former bankruptcy filing (further explained at Note #7 to the financial statements), the recently recognized Net Pension Liability (further explained at Note #9B to the financial statements) and the Unearned MHSA Revenues (further explained at Note #2M and Note #11 to the financial statements).

The most significant events during the fiscal years ending June 30, 2017 and June 2016 included the following:

2017

- Tri-City was able to pay approximately \$500 thousand total to Class 3 and Class 4 bankruptcy claimants as a result of available funding from Tri-City’s outpatient clinic operations.
- Based on the CalPERS actuarial valuation, the net pension liability increased approximately \$1.2 million. As previously noted, during fiscal 2014-15, GASB Statement No. 68 was implemented by Tri-City. This accounting pronouncement required the recognition of Tri-City’s proportionate share of the CalPERS Cost Sharing Plan’s Net Pension Liability. Refer to Note #9B to the financial statements for further details.
- During fiscal 2017, as a result of new MHSA programs and updates, unearned MHSA revenue was identified as approved and available to be spent in fiscal 2018. Amounts approved were then recognized (in the period for which they were approved) increasing the Noncurrent Unearned MHSA revenues available from \$178 thousand to \$500 thousand. Additional information regarding MHSA revenues can be found at Note #11 to the financial statements.

2016

- Tri-City was able to pay approximately \$2.5 million total to Class 3 and Class 4 bankruptcy claimants as a result of available funding from Tri-City’s outpatient clinic operations.
- Based on the CalPERS actuarial valuation, a total net increase of approximately \$75 thousand resulted to the Net Pension Liability. As previously noted, during fiscal 2014-15, GASB Statement No. 68 was implemented by Tri-City. This accounting pronouncement required the disclosure and recognition of Tri-City’s proportionate share of the CalPERS Cost Sharing Plan’s Net Pension Liability. Refer to Note #9B to the financial statements for further details.
- During fiscal 2016, as a result of new MHSA programs and updates, unearned MHSA revenue was identified as approved and available to be spent in fiscal 2017. Amounts approved were then recognized (in the period for which they were approved) increasing the Noncurrent Unearned MHSA revenues available from \$63 thousand to \$178 thousand. Additional information regarding MHSA revenues can be found at Note #11 to the financial statements.

## **TRI-CITY MENTAL HEALTH CENTER**

### **MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

#### **Economic Factors**

In May of 2017, California's State Governor issued the May Revise Budget for 2017-18. Through review of this budget, it was noted that the Health and Human Services Budget Summary addressed the realignment of In-Home Supportive Services (IHSS) back to counties. This realignment of costs would ultimately mean Tri-City would lose revenues previously received from the Vehicle License Fee Growth Fund. However, the California Behavioral Health Directors Association (CBHDA) successfully advocated that Tri-City and Berkeley be exempted from these changes to mental health services funding. Specifically, the provision of IHSS is not required for Berkeley and Tri-City as they are Mental Health Authorities and not Mental Health Plans. Therefore Tri-City will not lose these revenues. No other impacts were noted to Tri-City's 1991 Realignment which is the funding Tri-City uses to provide mental health outpatient services.

As noted in the Governor's Summary, the Mental Health Subaccount will not experience any changes to the original statutory formula. As Tri-City receives its 1991 Realignment from the Mental Health sub-account, there was no reduction to Tri-City's cash flow from Realignment in fiscal 2016-17. Other areas addressed in the 2017-18 Budget Summary affecting mental health related to services that Tri-City does not currently provide, such as alcohol and substance abuse.

On January 1, 2014, the Affordable Care Act became effective, including the expansion of Medicaid (Medi-Cal) services to single adults ages 19 to 64. Since then individuals qualifying for expanded Medi-Cal in the Tri-City area are either current Tri-City clients receiving mental health services from Tri-City as unfunded clients or are now seeking services from Tri-City as a new client. Tri-City continues to be a major partner with its community and LA County Department of Mental Health (LA DMH) to ensure that all Tri-City residents that become eligible under expanded Medi-Cal (MCE) will be served. The cost of services provided by Tri-City for residents qualifying under MCE are to be reimbursed at 100% through Federal Financial Participation (FFP) for the first three calendar years (2014 thru 2016) and as of January 1, 2017 the reimbursement was reduced to 95%. In order to ensure proper reimbursement, Tri-City's contract with LA DMH for the three fiscal years commencing July 1, 2014 included language regarding MCE and Tri-City's authority to bill for such services through LA DMH. In fiscal 2016-17 Tri-City experienced an approximate 3% increase in its 1991 Realignment funding. Based on information obtained through the California Behavioral Health Directors Association (CBHDA), the State's 2017-18 budget and CBHDA's current projections for fiscal 2017-18, Tri-City expects 1991 Realignment to remain level with 2016-17 funding.

In November 2004, California voters approved Ballot Proposition 63 and the Mental Health Services Act (MHSA) became State law effective January 1, 2005. The MHSA addresses a broad continuum of prevention, early intervention and service needs, as well as new innovative programs to treat mental illness. In addition MHSA provides funding for necessary infrastructure, technology and training elements that will effectively support this system, with the purpose of promoting recovery for individuals with serious mental illness. The MHSA is funded through the imposition of a 1% State income tax on personal income in excess of \$1 million. Tri-City relies on MHSA funds to provide an array of mental health services approved under its MHSA programs. State MHSA funds can fluctuate based on new events and economic pressures not currently known. In Fiscal 2016-17 Tri-City received approximately 110% of the 2016-17 MHSA funds originally projected at the beginning of the year. Based on discussions with the California Behavioral Health Directors Association (CBHDA), the State's 2017-18 budget and CBHDA's current projections for fiscal 2017-18, Tri-City has projected MHSA funding will be consistent with what was received during fiscal 2016-17.

## **TRI-CITY MENTAL HEALTH CENTER**

### **MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

During fiscal 2015-16 new legislation, Assembly Bill 1618, was passed in California for the purpose of funding a new program titled "No Place Like Home". This legislation will potentially redirect 7% of the annual MHSA tax revenue thereby decreasing MHSA funds that will be allocated and received by California counties and Tri-City in the future. This legislation is currently under final review and court validation to confirm that these restricted funds can be redirected. The effect of this reduction of MHSA funds cannot be determined as MHSA funds received by the Counties and Tri-City depend on the growth or reduction in the collection of MHSA taxes by the State. The 7% redirection in MHSA funding is not expected to begin until fiscal 2018-19.

#### **Liquidity and Bankruptcy**

At June 30, 2017, Tri-City had approximately \$21.6 million in cash. Of this amount, approximately \$17.2 million is cash that is immediately available but restricted only for the implementation and provision of services under approved MHSA programs, \$4.4 million is unrestricted cash for Tri-City's outpatient clinic operations and of these amounts approximately \$500 thousand (which is reflected as unearned revenues) is restricted for future MHSA programs developed and recommended through the MHSA process and approved by Tri-City's Governing Board. In accordance with the Bankruptcy Plan, Tri-City's unrestricted cash for the clinic operations is the only source that can be used to fund payments on allowed pre-petition claims when such cash balances exceed current operating costs and cash reserves identified in the Plan.

On April 9, 2009, Tri-City made its first payment to Class 2 Unsecured creditors for their allowed claims. These claims were paid in full by June 2013. In May 2013 the first claim payment was made on the allowed Unsecured Class 3 California Department of Mental Health (CAL DMH) claims and Unsecured Class 4 Los Angeles County Department of Mental Health (LAC DMH) claims representing 4% of each Class' allowed claims. During Fiscal 2017 and 2016 Tri-City made additional payments to Class 3 and Class 4 of approximately \$500 thousand and \$2.4 million, respectively. As of June 30, 2017, Tri-City has made payments totaling \$3.6 million to Class 3 and approximately \$2.3 million to Class 4 Unsecured creditors representing 54% of each Class' allowed claims. Based on Tri-City's current Bankruptcy Plan as filed with the Court and confirmed on August 6, 2007, the Agency projects that it will be able to support its current operations over the next fiscal year and maintain the minimum cash reserve. Management, however, cannot project the amount of cash that will be available for additional future payments of allowed claims. As noted earlier in this document, Tri-City experienced a delay in FFP (Medi-Cal) payments as a result of a system related glitch at the State level which has now been resolved. Tri-City expects reimbursements to resume which should allow Tri-City the ability to resume payments on the remaining bankruptcy liabilities.

**TRI-CITY MENTAL HEALTH CENTER  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

***NOTE #1 – DESCRIPTION OF REPORTING ENTITY***

Tri-City Mental Health Center (Tri-City) is a Joint Powers Agency formed on June 21, 1960, pursuant to the Short-Doyle Act (included in the Welfare and Institutions Code of California). This act authorizes two or more cities to develop mental health services and facilities. The Joint Powers Agreement among the Cities of Pomona, Claremont and La Verne was amended in December 2007 and calls for a governing body of seven members (two Pomona council members, one Claremont council member, one La Verne council member and one non-elected member from each city). The governing body appoints a local director to administer the program.

***NOTE #2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***

**A. Basis of Presentation**

The financial statements of Tri-City have been prepared in conformity with generally accepted accounting principles as applied to governmental entities. The Government Accounting Standards Board is the recognized standard setting body for establishing governmental accounting and financial reporting principles for governments. Tri-City has adopted the accounting principles and methods appropriate for a governmental enterprise activity.

**B. Basis of Accounting**

The accounts of Tri-City are organized in a single enterprise (proprietary type) fund and maintained on the accrual basis of accounting. Proprietary fund financial statements include the Statements of Net Position, Statements of Revenues, Expenses, and Change in Net Position, and the Statements of Cash Flows.

Proprietary fund types are accounted for using the “economic resources” measurement focus and accrual basis of accounting. This means that all assets and liabilities (whether current or non-current) including deferred inflows of resources and deferred outflows of resources associated with the activity are included on the Statements of Net Position. The Statements of Revenues, Expenses, and Changes in Net Position of the proprietary fund present increases (revenues) and decreases (expenses) in total net position. Revenues are recognized when they are earned and expenses are recognized when the liability is incurred.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. Realignment funds received from the State are required to be used by the Agency to provide mental health services, however, the Realignment funds received are allocated by the State based on State sales tax receipts. Therefore, the Realignment funds are not directly tied to billing for actual services provided and thus included as a non-operating revenue item. In addition, MHSA funds, as more fully described at *Note #11*, are also reflected as non-operating revenues because they are “Non-Exchange Transactions”.

NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

***NOTE #2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued***

**C. Bankruptcy Reporting and Special Items**

As more fully disclosed at Note #7, Tri-City filed a petition under Chapter 9 of the Bankruptcy Code in February of 2004. Tri-City follows the requirements of GASB Statement No. 58, *Accounting and Financial Reporting for Chapter 9 Bankruptcies*, for the items relating to the bankruptcy transactions and financial statement presentation. Special items include bankruptcy final settlement of debt, if any.

In accordance with the Bankruptcy Plan, amounts received by LA DMH from the State relating to SB 90 claims on behalf of Tri-City, are to be passed through to Tri-City when collected. During fiscal 2016 Tri-City received a payment in the amount of \$636,581 from LA DMH which was passed through from the State for SB 90 claims relating to fiscal years 2000-01, 2001-02 and 2002-03. These amounts are reflected as Bankruptcy Debt Settlement income.

**D. Cash and Cash Equivalents**

For the purpose of the Statements of Cash Flows, Tri-City considers cash and cash equivalents as short-term highly liquid investments that are both readily convertible to known amounts of cash. At June 30, 2017 and 2016, Tri-City's cash and cash equivalents included pooled cash balances and investments in the Local Agency Investment Fund (LAIF).

**E. Capital Assets**

Capital assets owned by Tri-City are capitalized at historical cost and contributed assets (if any) are recorded at acquisition value. Depreciation is charged to operations using a straight-line method, based on the estimated useful life of the asset. The estimated useful lives of the buildings, automobiles, property, and equipment range from three to twenty years. Capital assets are defined by Tri-City to be land, buildings and improvements, leasehold improvements, furniture and equipment and vehicles with an initial individual cost of more than \$1,000. Estimated useful lives of the various classes of property are as follows:

Buildings and improvements	20 years
Equipment	3 years
Furniture	5 years
Vehicles	3 years
Leasehold improvements	5 years

**F. Deposits**

Deposits include security, rental and utility deposits that have been paid to third parties. At June 30, 2017 and 2016, Tri-City had deposits outstanding in the amounts of \$64,999 and \$115,724, respectively.

NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

***NOTE #2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued***

**G. Compensated Absences and Sick Leave**

Full-time employees can only accrue up to a maximum of 240 hours of vacation time and may be paid up to 240 hours of accrued sick time upon separation. Therefore, accumulated unpaid vacation and sick time up to 240 hours per employee, is recognized as a liability of Tri-City. Both vacation and sick time may be cashed out upon separation. All employees accrue sick leave at the rate of eleven days per year. Additional hours over 240 can be rolled into the California Public Employees' Retirement System (PERS) Retirement Plan as additional service credit if the employee is retiring at the time of separation.

Part-time employees shall accrue sick leave at a rate of 1 hour for every 30 hours worked up to 24 hours per a 12-month period. Unused accrued sick leave of part-time employees may not be cashed out upon termination and therefore is not recognized as a liability by Tri-City.

**H. Restricted Resources**

When both restricted and unrestricted resources are available for use, it is Tri-City's policy to use restricted resources first for the designated program, and then unrestricted resources as they are needed.

**I. Operating Revenues and Expenses**

Tri-City's Statements of Revenues, Expenses, and Changes in Net Position distinguish between operating and non-operating revenues and expenses. Operating revenues result from exchange transactions associated with providing mental health care services, Tri-City's principal activity. In accordance with GASB Statement No. 33, voluntary and government mandated non-exchange revenues received are reported as non-operating revenue when all eligibility requirements are met. As such, Tri-City has classified State Realignment and MHSA funds allocated to the Agency for the provision of mental health services, as non-operating revenues. Operating expenses are all expenses incurred to provide mental health care services, other than financing costs.

**J. Nominal Fee Provider**

Tri-City provides care to patients who meet certain criteria under the California Department of Mental Health (now the Department of Health Care Services) Uniform Method for Determining Ability to Pay (UMDAP) policy. When charges are determined to qualify under UMDAP, Tri-City follows collection requirements as stated by UMDAP guidelines.

**K. Medi-Cal Revenue**

Revenue under third-party payor agreements is reported at the estimated net realizable amounts and is subject to audit and retroactive adjustment. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

**TRI-CITY MENTAL HEALTH CENTER  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

***NOTE #2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued***

**L. Realignment Revenue**

In 1991, the Medi-Cal program (Short-Doyle Act) was revised under the Bronson-McCorquodale Act, which is known as Realignment. Realignment is a mechanism for the State of California to fund the public mental health system and provide matching funds for the Federal Financial Participation (FFP) of the funding. Through 2013, “1991” Realignment was derived from State Vehicle License Fees and Sales Tax collected at the State level. In 2013, the State created a new “2011” Realignment account that is funded through State taxes. This new Mental Health Fund is allocated to counties that are Mental Health Plans and is used to cover the State’s required FFP match for EPSDT services as well as funds for newly realigned mental health services previously run by the State.

Tri-City is not a Mental Health Plan and will not directly receive “2011” Realignment. However, Tri-City will continue to receive “1991” Realignment directly from the State and will receive State EPSDT match for FFP funded by “2011” Realignment through its contract with LA DMH.

**M. Mental Health Services Act (MHSA) Revenue**

Tri-City receives MHSA funds to provide mental health programs and services included in the approved MHSA plans. MHSA funds are recorded as non-operating revenues on the Statements of Revenues, Expenses and Changes in Net Position when eligibility requirements are met, including time restriction requirements. The MHSA funds received for programs not yet meeting these eligibility requirements, are recorded as Unearned Revenues on the Statements of Net Position as Noncurrent Liabilities (amounts unapproved by a plan) and as MHSA Revenues Restricted for Future Period under Deferred Inflow of Resources (amounts approved for the beginning of the next fiscal year).

**N. Contributions**

Revenues from contributions are recognized when all eligibility requirements, including time requirements, are met. Contributions may be restricted for specific operating purposes. Amounts that are unrestricted or that are restricted to a specific operating purpose are reported as non-operating revenues. Every year, the Cities of Pomona, Claremont, and La Verne each contribute operating funds to Tri-City to meet matching requirements under Realignment. These entities are considered related parties as they are member agencies (*Note # 17*).

**O. Management’s Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts and disclosures at the date of the financial statements. While management believes that these estimates are adequate as of June 30, 2017 and 2016, it is reasonably possible that actual results could differ from those estimates. Certain estimates relate to accounts receivable (*Note #5*), deferred outflows and inflows of resources (*Note #9B*) and estimated third party payor settlements (*Note #8*).

**TRI-CITY MENTAL HEALTH CENTER  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

***NOTE #2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued***

**P. Net Position**

Net position of Tri-City is classified in three components. Net investment in capital assets consist of capital assets net of accumulated depreciation and reduced by the balances of any outstanding borrowings used to finance the purchase of those assets. Restricted net position consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments, or (2) law through constitutional provisions or enabling legislation. Restricted net position is reduced by any liabilities payable from restricted assets. Unrestricted net position is the remaining net position that does not meet the definition of net investment in capital assets or restricted. The Statements of Net Position report \$9,987,718 and \$9,090,418 of restricted net position, at June 30, 2017 and June 30, 2016, respectively, which include MHSA funds that are restricted for use in MHSA programs. Net Investment in Capital Assets of \$6,751,512 and \$6,946,589 are equal to Tri-City's capital assets at June 30, 2017 and June 30, 2016 (Note #6), respectively, net of the related mortgage debt (Note #10). The remaining Unrestricted Net Deficit at June 30, 2017 and at June 30, 2016 of \$300,284 and \$1,938,370, respectively, is the primary result of recognizing the long-term Net Pension Liability (as more fully disclosed at Note #9B) and the former recognition of bankruptcy related liabilities (as more fully disclosed at Note #7). Management anticipates that the deficit will be resolved in future fiscal years by the continuing positive increases to net position, through continued positive operating results and the potential of future positive outcome in finalizing Estimated Third Party Payor Settlements (Note #8). The unrestricted net deficit is available for the general operations of Tri-City.

**Q. Deferred Outflows/Inflows of Resources**

In addition to assets reported on the Statements of Net Position, Tri-City will sometimes report a separate section for deferred outflows of resources. This separate financial statement caption represents a consumption of net position that applies to a future period and so, will not be recognized as an outflow of resources (expenditure) until then. At June 30, 2017 and June 30, 2016 Tri-City reported \$2,630,123 and \$1,251,844, respectively in deferred outflows of resources which relate to the previously implemented GASB Statement No. 68 as further explained at Note #9B.

In addition to liabilities reported on the Statements of Net Position, Tri-City will sometimes report a separate section for deferred inflows of resources. This separate financial statement caption represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. Tri-City reports MHSA Revenues Restricted for Future Periods as an inflow of resources in the period that the amounts become available. Also refer to Note #11, for additional details relating to MHSA Revenues Restricted for Future Period and Unearned MHSA Revenues. Additionally, Tri-City reported \$325,354 and \$713,406, at June 30, 2017 and 2016 respectively in deferred inflows of resources which relate to the previously implemented GASB Statement No. 68 as further explained at Note #9B.

**R. Reclassifications**

Certain amounts in the prior year have been reclassified to conform to the current year presentation.

**TRI-CITY MENTAL HEALTH CENTER  
NOTES TO THE FINANCIAL STATEMENTS

***NOTE #2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued***

**S. Pensions**

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Tri-City's California Public Employees Retirement System (CalPERS) plans and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**T. Fair Value Measurement**

Governmental Accounting Standards Board ("GASB") Statement No. 72, *Fair Value Measurement and Application* provides guidance for determining a fair value measurement for reporting purposes and applying fair value to certain investments and disclosures related to all fair value measurements. Tri-City categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Tri-City does not have any investments that are measured using Level 3 inputs.

***NOTE #3 – NEW ACCOUNTING PRONOUNCEMENTS***

**Effective In Current Fiscal Year**

**GASB Statement No. 74** – In June 2015, GASB issued Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This Statement is effective for periods beginning after June 15, 2016. Tri-City has determined that there is no material effect to the Financial Statements.

**GASB Statement No. 77** –In August 2015, GASB issued Statement No. 77, *Tax Abatement Disclosures*. The objective of this statement is to improve financial reporting by giving users of the financial statements essential information that is not consistently or comprehensively reported to the public at present. The users of the financial statements will be better equipped to understand (1) how tax abatements affect a government's future ability to raise resources and meet its financial obligations and (2) the impact those abatements have on a government's financial position and economic condition. This Statement is effective for periods beginning after December 15, 2015. Tri-City has determined that there is no material effect to the Financial Statements.

**GASB Statement No. 78** – In December 2015, GASB issued Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*. The objective of this Statement is to address a practice issue regarding the scope and applicability of Statement No. 68, *Accounting and Financial Reporting for Pensions*. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pensions. This Statement is effective for periods beginning after December 15, 2015. Tri-City has determined that there is no material effect to the Financial Statements.

**TRI-CITY MENTAL HEALTH CENTER  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

***NOTE #3 – NEW PRONOUNCEMENTS, continued***

**GASB Statement No. 80** – In January 2016, GASB issued Statement No. 80, *Blending Requirements for Certain Component Units—an amendment of GASB Statement No. 14*. The objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No. 14, *The Financial Reporting Entity*, as amended. This Statement is effective for periods beginning after June 15, 2016. Tri-City has determined that there is no material effect to the Financial Statements.

**Effective in Future Years**

**GASB Statement No. 75** – In June 2015, GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement is effective for periods beginning after June 15, 2017. Tri-City has not determined the effect of this Statement.

**GASB Statement No. 81** – In March 2016, GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. This Statement is effective for periods beginning after December 15, 2016. Tri-City has not determined the effect of this Statement.

**GASB Statement No. 83** – In November 2016, GASB issued Statement No. 83, *Certain Asset Retirement Obligations*. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. This Statement is effective for periods beginning after June 15, 2018. Tri-City has not determined the effect of this Statement.

**GASB Statement No. 84** – In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. This Statement is effective for periods beginning after December 15, 2018. Tri-City has not determined the effect of this Statement.

**GASB Statement No. 85** – In March 2017, GASB issued Statement No. 85, *Omnibus 2017*. The objective of this Statement is to address practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). This Statement is effective for periods beginning after June 15, 2017. Tri-City has not determined the effect of this Statement.

**NOTE #3 – NEW PRONOUNCEMENTS, continued**

**GASB Statement No. 86** – In June 2017, GASB issued Statement No. 86, *Certain Debt Extinguishment Issues*. The primary objective of this Statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources—resources other than the proceeds of refunding debt—are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. This Statement is effective for periods beginning after June 15, 2017. Tri-City has not determined the effect of this Statement.

**GASB Statement No. 87** – In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments’ financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. This Statement is effective for periods beginning after December 15, 2019. Tri-City has not determined the effect of this Statement.

**Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment.

**Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. At June 30, 2017 and 2016, \$18,818,702 and \$16,703,613, respectively, of cash and investments were placed in Tri-City’s LAIF account. LAIF is not rated.

FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

***NOTE #4 – CASH AND INVESTMENTS, continued***

**Custodial Credit Risk**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code does not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State laws (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits.

At June 30, 2017 and 2016, Tri-City's total cash balances held by banks and collateralized by the pledging Financial Institutions under the California Government Code, but not in Tri-City's name, was \$2,826,799 and \$4,211,411, respectively. Amounts held by banks and collateralized under the California Government Code are not FDIC insured.

**Investment in State Investment Pool**

Tri-City is a voluntary participant in the LAIF that is regulated by the California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The fair value of Tri-City's investment in this pool is reported in the accompanying financial statements at amounts based upon Tri-City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. The total balance in the LAIF is available for withdrawal. The California Local Agency Investment Fund is not insured or collateralized.

**Restricted Cash and Investments**

Cash and investments reflected on the Statements of Net Position as restricted was \$17,186,360 and \$15,893,209 at June 30, 2017 and 2016, respectively. Restricted cash represents cash received from MHSA funding that is only available to use for expenses of MHSA programs approved under Tri-City's MHSA plans. Therefore amounts reflected on the Statements of Net Position which include MHSA current operating liabilities will be funded through the MHSA restricted cash balance and collection of MHSA Medi-Cal receivables.

**Fair Value Measurements**

Tri-City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. As of June 30, 2017, Tri-City held no individual investments. All funds are invested in LAIF.

**TRI-CITY MENTAL HEALTH CENTER  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

**NOTE #4 – CASH AND INVESTMENTS, continued**

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. Tri-City’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

Deposits and withdrawals are made on the basis of \$1 and not fair value. Accordingly, Tri-City’s investments in LAIF at June 30, 2017 and June 30, 2016 are uncategorized inputs not defined as a Level 1, Level 2, or Level 3 input.

**NOTE #5 – ACCOUNTS RECEIVABLE**

Accounts receivable at June 30, 2017 and 2016, consisted of the following:

	<u>2017</u>	<u>2016</u>
<b>Accounts Receivable:</b>		
Medi-Cal	\$ 7,888,830	\$ 5,258,212
Medicare	1,074	1,674

 Less: Allowance for Doubtful Accounts	 <u>(695,421)</u>	 <u>(477,079)</u>
 Accounts Receivable, Net	 <u>\$ 8,317,648</u>	 <u>\$ 5,748,647</u>

Medi-Cal Receivables

In accordance with Tri-City’s original contracts with the Los Angeles County Department of Mental Health (LAC DMH), a percentage of the Medi-Cal FFP and State EPSDT reimbursement payments received by LAC DMH for mental health services provided by Tri-City to Medi-Cal eligible clients could be withheld by LAC DMH pending preliminary settlement or final audit of the cost reports filed for the contract periods. Commencing with fiscal 2014-15, this withholding was eliminated in the contract with LA DMH. At June 30, 2017 and 2016, Medi-Cal accounts receivable included approximately \$2.4 million and \$2.4 million, respectively of Medi-Cal reimbursement received and withheld by LAC DMH for mental health services provided by Tri-City to Medi-Cal eligible clients during the fiscal years 2010 through 2014.

The allowance for doubtful accounts is estimated based on the withholding percentages used by LAC DMH, and will be adjusted upon settlement of the cost reports. The provision expensed in fiscal 2017 and 2016 for doubtful accounts was approximately \$552 thousand and \$553 thousand, respectively.

During the fiscal year ended June 30, 2012, Tri-City’s Governing Board approved the Agency’s MHSA Supportive Permanent Housing Plan that is supported through CSS funds that have been identified for CSS housing. In line with the MHSA Housing Plan, in September 2012 Tri-City acquired a house located in Pomona, California for a total cost of \$536,500 to provide affordable housing for up to eight individuals who are Tri-City clients. During Fiscal 2015 Tri-City made approximately \$139,155 in improvements to the building and property of this house. The City of Pomona HUD loan has funded \$147,183 of these improvements through a loan to Tri-City (see Note#13). In Fiscal Year 2016, also in line with the Agency’s MHSA Supportive Permanent Housing Plan, Tri-City acquired a house in Claremont, California for a total cost of \$613,430 and made additional improvements of \$131,567 to the building and property of this house.

In July of 2016, in accordance with the MHSA plan, Tri-City purchased several vehicles in the approximate amount of \$209 thousand.

In fiscal 2017 and 2016, Tri-City wrote off \$187,322 and \$2,269 of fully depreciated building improvements, equipment and vehicles that were no longer in use.

***NOTE #7 –BANKRUPTCY***

On February 13, 2004, Tri-City filed a petition under Chapter 9 of the Bankruptcy Code. The Bankruptcy Court ordered that any entity that wished to participate in any distribution under a Plan generally must either have been properly listed by Tri-City in its List of Creditors or have filed a proof of claim on or before June 24, 2004 (except for claims arising from executory contracts or expired leases rejected by Tri-City and other matters set forth in the Bankruptcy Court’s order regarding the claims bar date). Tri-City presented a Plan for the Adjustment of Debts to the Bankruptcy Court on January 5, 2005 (also referred herein as the “Plan”). On December 12, 2006, an amended Plan was filed with the Court and subsequently confirmed by the Court on August 6, 2007. The order to confirm the Plan was filed on December 12, 2007 and the Plan became effective on July 18, 2008 after finalization of Tri-City’s contract with the Los Angeles County Department of Mental Health (LAC DMH).

In September 2011, Tri-City along with CAL DMH, CAL DHCS and LAC DMH, finalized a Settlement Mediation Agreement which was signed and approved by the Court in January 2012. As a result of this Settlement, Tri-City’s Bankruptcy Case was officially closed and recorded on February 21, 2012. Events that gave rise to the Bankruptcy and how it affected the level of Tri-City’s mental health services is disclosed in Tri-City’s Amended Disclosure Statement dated December 12, 2006. The Plan and Disclosure Statement can be obtained at Tri-City’s Website under Archived Documents at <http://www.tricitymhs.org>.

The Settlement Mediation Agreement noted above stipulates that CAL DHCS will allow LAC DMH to pass through to Tri-City any EPSDT payments for Tri-City claims received by LAC DMH from CAL DHCS as a result of LAC DMH’s EPSDT appeal settlement originated with CAL DMH, as long as Tri-City agrees that any EPSDT amounts received from LAC DMH for the fiscal years 2001-02, 2002-03 and 2003-04 will only be used to make payments on its bankruptcy debt. In consideration for this pass through, Tri-City agreed to no longer pursue collection of the Medi-Cal FFP claims for the fiscal years ended 2006 and 2007, which were fully reserved by Tri-City in fiscal 2007 and were subsequently written-off in fiscal 2010. In November 2012, Tri-City received \$295,340 resulting from a pass through of the EPSDT audit settlement for fiscal 2001-2002. In accordance with the Mediation Agreement these funds were used to make payment on Tri-City’s Class 2 General Unsecured bankruptcy claimants on November 30, 2012. In addition, in January 2016, Tri-City received \$257,534 resulting from a pass through of the EPSDT audit settlement for fiscal 2002-03 which was used to make payments on Class 3 and Class 4 balances on January 26, 2016.

In accordance with the confirmed Plan, Tri-City made payments on allowed Class 2 General Unsecured bankruptcy claims in Fiscal Years 2009 through 2013 which represented 100% of that Class’s allowed claims. In addition, beginning in May 2013 through June 2017, Tri-City has made payments to Class 3 Unsecured CAL DMH and Class 4 Unsecured LAC DMH claims of \$5,870,129 representing approximately 54% of each Class’s allowed claims. The percentage of allowed claims that will be paid in future quarters depends on cash available, as defined per the Plan at the time and over the term of Tri-City’s contract with LAC DMH. Per the Plan, payments on allowed claims will terminate concurrent with the termination of Tri-City’s contractual relationship with LAC DMH. Tri-City’s most current three year contract with LAC DMH is scheduled to terminate on June 30, 2020.

**TRI-CITY MENTAL HEALTH CENTER  
 NOTES TO THE FINANCIAL STATEMENTS  
 FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

**NOTE #7 –BANKRUPTCY, Continued**

The claims identified as “Bankruptcy Liabilities” in the amount of \$5,029,064 and \$5,517,064 as of June 30, 2017 and 2016, respectively, reflects the allowed claims based on Tri-City’s final reconciliation and settlement of claims as submitted to and approved by the Bankruptcy Court, reduced by the payments made through June 30, 2017 and 2016 to the claimants.

The bankruptcy liabilities as of June 30, 2017 and 2016 are summarized by Bankruptcy Claim Class as follows:

	<u>2017</u>	<u>2016</u>
Class 3 — Unsecured Claim of CAL DMH, net	\$ 3,045,893	\$ 3,341,454
Class 4 — Unsecured Claim of LAC DMH	<u>1,983,171</u>	<u>2,175,610</u>
Total Bankruptcy Liabilities	<u>\$ 5,029,064</u>	<u>\$ 5,517,064</u>

The remaining classes of Bankruptcy claims are described below.

**Class 3 – Unsecured Claim of CAL DMH includes the following:**

The final allowed Class 3 claims per the plan of \$6,601,182 consisted of \$6,648,932 in overpayment of Medi-Cal FFP for pre-petition services as determined by the Short-Doyle/Medi-Cal cost report final audit settlements for the fiscal years ended June 30, 1997 through 2004, offset by \$47,750 due to Tri-City for pre-petition services performed under the AB 2034 Program. The decrease in the Class 3 liability to \$3,341,454 at June 30, 2016 and \$3,045,893 at June 30, 2017 reflect Tri-City’s bankruptcy payments made to CAL DMH during Fiscal years 2013 through 2017.

**Class 4 – Unsecured Claim of LAC DMH includes the following:**

The final allowed Class 4 claim per the plan of \$4,298,010 consisted of \$5,306,383 in overpayment of Medi-Cal EPSDT advances resulting from Medi-Cal audit adjustments for the fiscal years ending June 30, 2002 and 2003, as well as for services that had not yet been performed in fiscal 2004 by Tri-City due to the filing of bankruptcy. This overpayment was offset by amounts due to Tri-City of \$1,008,373 from LAC DMH for services Tri-City provided under other LAC DMH programs. The decrease in the Class 4 liability to \$2,175,610 at June 30, 2016 and \$1,983,171 at June 30, 2017 reflect Tri-City’s bankruptcy payments made to LAC DMH during Fiscal 2013 through 2017.

**TRI-CITY MENTAL HEALTH CENTER  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEARS ENDED JUNE 30, 2017 AND 2016**

***NOTE #8 – ESTIMATED THIRD PARTY PAYOR SETTLEMENTS AND COST REPORTS PAYABLE***

In prior years Tri-City entered into agreements to provide services to patients covered under the Short-Doyle/Medi-Cal program and various LAC DMH programs. Prior to filing bankruptcy (as described at Note #7), and up through services provided in fiscal 2006-07, Tri-City submitted claims covered by the Short-Doyle/Medi-Cal program to the California Department of Mental Health. Commencing with services provided subsequent to June 30, 2007, Tri-City submitted claims under the Medi-Cal program through LAC DMH. In addition, prior to filing bankruptcy, Tri-City had provided services through other LAC DMH programs. These programs were paid based on a fixed or contracted rate or reimbursable costs, whichever was defined by the program. Reimbursements recorded under these programs are subject to audit and retroactive adjustment by the intermediaries through review of annual cost reports. Management's estimates for potential interim settlements and audit adjustments are recorded during the year the services are provided and reflected as "Reserves for Third Party Settlements." Adjustments for actual interim settlement letters issued and final audit adjustments are recorded in the year the amounts are finalized and reflected as "Cost Report Payable". As of June 30, 2017 the only outstanding liabilities related to settlement and audit letters received have been for services provided pre-bankruptcy and therefore are currently included within the Bankruptcy Liabilities balance.

**Estimated Third Party Payor Settlements**

Tri-City's third party payor settlements are included in current liabilities and in bankruptcy liabilities as follows. Third party payor settlements reflected in current liabilities is \$3,331,836 at June 30, 2017 and \$2,998,309 at June 30, 2016. These amounts include estimated Medi-Cal settlements payable for the fiscal year ended 2005 and reserves on Medi-Cal revenues received for services provided under contract with LAC DMH from fiscal 2009 through fiscal 2017. The reserves for fiscal years 2009 through 2017 are estimated based on LAC DMH's withholding percentages applied for each fiscal year, which can be subject to change. Since the cost reports for these years have either 1) not been settled or reviewed by the State 2) are subject to future audits or 3) have been audited but audit appeals remain outstanding, the reserves for disallowances on the Medi-Cal payments received are reflected as a current liability. Once LAC DMH finalizes its cost report settlement with the State, Tri-City expects that the County will pass on the settlement to Tri-City. Tri-City estimates that the settlement for fiscal year 2011 will occur in fiscal 2018.

Reserves for third party payor settlements of \$1,983,171 and \$2,175,610 are included in "Bankruptcy Liabilities" at June 30, 2017 and 2016, respectively. This represents the amended claim settlement filed by LAC DMH, pending possible adjustments from future State audits of EPSDT claims, less Tri-City's bankruptcy claim payments made through fiscal 2017.

**Cost Reports Payable**

At June 30, 2017 and 2016, Tri-City reflected \$3,045,893 and \$3,341,454, respectively, for remaining liabilities asserted by the California Department of Mental Health (CAL DMH) for cost report settlements based on the Short-Doyle/Medi-Cal issued interim settlement letters and final audit settlements for the fiscal years ended June 30, 1997, 1998, 1999, 2000, 2001, 2002, 2003, and 2004. The reduction in liability from June 30, 2016 balances reflect the claim payments made by Tri-City in fiscal 2017. These liabilities are reflected in "Bankruptcy Liabilities".

***NOTE #9 – RETIREMENT PLAN/DEFERRED COMPENSATION***

Tri-City Mental Health Center offers the following plans:

**A. Tri-City 401A Money Purchase Plan**

Prior to July 1, 2000, all employees were required to enroll in the Tri-City 401A Money Purchase Plan (the "MPP"), a defined contribution plan, on the date of hire in lieu of social security. Effective July 1, 2000, only part-time employees qualified for the MPP since all full-time employees were transferred into CalPERS. Employees are not required and do not contribute to the plan. For all participating employees, Tri-City contributes an amount equal to 7.5 percent of the employee's annual gross salary reportable for Federal income tax purposes to the plan's administrator, Lincoln Financial Insurance Company. An employee is 100 percent vested in the retirement plan upon entry into the MPP. Benefit terms may be amended by Tri-City, the plan sponsor. Tri-City's contribution to the MPP for the fiscal years ended June 30, 2017 and 2016 was \$7,220 and \$7,355, respectively.

**B. California Public Employees' Retirement System (PERS)-Cost Sharing Employer Plans**

*Plan Description* – Employees of Tri-City participate in the California Public Employees Retirement System (PERS), a cost sharing multiple employer defined benefit pension plan. PERS provides retirement, disability benefits, and death benefits to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public entities within the State of California. Tri-City's plans consist of both the Classic Tier and the PEPRA Tier within the Cost Sharing Plan's Miscellaneous Risk Pool. On January 1, 2013, the Public Employees' Pension Reform Act of 2013 (PEPRA) took effect. The establishment of the PEPRA Tier created new retirement formulas for newly hired members. All qualified permanent and probationary employees are eligible to participate in PERS. Benefit provisions under the Tiers are established by State statute and Tri-City resolution.

CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information can be found on the CalPERS website at: <http://www.calpers.ca.gov/index.jsp?bc=/about/forms-pubs/calpers-reports/actuarial-reports/home.xml>

**NOTE #9 – RETIREMENT PLAN/DEFERRED COMPENSATION, Continued**

**Benefits Provided** – CalPERS provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 for classic members and age 52 for PEPRA members with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 5 years of service; however, must be actively employed at the time of disability. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees’ Retirement Law.

The rate plan provisions and benefits in effect at June 30, 2017, are summarized as follows:

	<b>Miscellaneous Pool</b>	
	<b>Classic</b>	<b>PEPRA</b>
<b>Hire Date</b>	Prior to January 1, 2013	On or after January 1, 2013
Formula	2.0% @ 55	2% @ 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	monthly for life	monthly for life
Retirement age	50-55	52-62
Monthly benefits, as a % of annual salary *	1.426% to 2.0%	1.0% to 2.0%
Required employee contribution rates	7%	6.25%
Required employer contribution rates	8.51%	6.24%

\* These percentages will vary based on age of retiree and could increase for retirees who prolong their retirement.

**Contributions** – Section 20814(c) of the California Public Employees’ Retirement law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in rate. Funding contributions for each of the Tiers within the Plan are determined annually on an actuarial basis as of June 30 by CalPERS.

Beginning in fiscal year 2016, CalPERS collects employer contributions for the Plan as a percentage of payroll for the normal cost portion as noted in the rates above and as a dollar amount for contributions toward the unfunded liability. The dollar amounts are billed on a monthly basis. Tri-City’s required contributions for the unfunded liability included in the total employer contributions, was \$59,533 and \$33,216 in fiscal year 2017 and 2016, respectively.

***NOTE #9 – RETIREMENT PLAN/DEFERRED COMPENSATION, Continued***

Tri-City employees enrolled in the PERS are required to contribute the “employee” contribution of 7% for the Classic Tier and 6.25% for the PEPR Tier of their annual covered salary. The contribution requirements of the plan members are established by State statute and the employer contribution rate is established and may be amended by CalPERS. Benefit provisions and all other requirements are established by State statute. Full time employees or part-time employees that exceed 1,000 hours of work time in any fiscal period are eligible under this plan and must follow the contribution guidelines. The vesting period to receive pension retirement is five years. If an employee terminates before five years, they may withdraw their “employee” contributions to the plan.

For the year ended June 30, 2017 and 2016, Tri-City’s contributions to the Plan were \$861,026 and \$734,761, respectively.

***Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions***

As of June 30, 2017, and 2016 Tri-City’s reported a net pension liability for its proportionate share of the net pension liability of the Plan of \$3,781,246 and \$2,535,970, respectively.

Tri-City’s net pension liability is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2016 and the total pension liability for the Plan is used to calculate the net pension liability which was determined by an actuarial valuation as of June 30, 2015 rolled forward to June 30, 2016 using standard update procedures. Tri-City’s proportion of the net pension liability was based on a projection of Tri-City’s long-term share of contributions to the Plan relative to the projected contributions of all participating employers, actuarially determined.

Tri-City’s proportionate share of the net pension liability, measured as of June 30, 2015 and 2016 is as follows:

	<u>Plan</u>
Proportion - June 30, 2015	0.03695%
Proportion - June 30, 2016	<u>0.04370%</u>
Change in proportion- Increase (Decrease)	<u>0.00675%</u>

**Actuarial Assumptions** – The total pension liabilities of the Plan in the June 30, 2015 and June 30, 2014 actuarial valuations were determined using the following actuarial assumptions.

Valuation Date:	June 30, 2015	June 30, 2014
Measurement Date:	June 30, 2016	June 30, 2015
Actuarial Cost Method:	Entry-Age Normal Cost Method	
Actuarial Assumptions:		
Discount Rate	7.65%	7.65%
Inflation	2.75%	2.75%
Payroll Growth	3.0%	3.0%
Projected Salary Increase	3.3% - 14.2% (1)	3.3% - 14.2% (1)
Investment Rate of Return	7.5% (2)	7.5% (2)
Mortality Rates	Derived using CalPERS membership Data for all funds	

- (1) Depending on age, service and type of employment
- (2) Net of pension plan investment expenses, including inflation

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2015 and 2014 valuation were based on the results of a January 2014 actuarial experience study for the period of 1997 to 2011. Further details of the Experience Study can be found on the CalPERS website at: <http://www.calpers.ca.gov/index.jsp?bc=/about/forms-pubs/calpers-reports/actuarial-reports.xml>

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and long-term market return expectations as well as the expected pension fund (Public Employees’ Retirement Fund) cash flows. Taking into account historical returns of all the Public Employees Retirement Funds’ asset classes (which includes the agent plan and two cost-sharing plans or PERF A, B, and C funds), expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each PERF fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses. The target allocation and best estimates of arithmetic real rates of return for each major asset class are the same for the Plan and are summarized in the following tables:

**Discount Rate** – The discount rate used to measure the total pension liability as of June 30, 2016 and 2015 was 7.65% and 7.65%, respectively, for the Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for the plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.65% discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.65% is applied to all plans in the Public Employees Retirement Fund. The stress test results are presented in a detailed report called “GASB Crossover Testing Report” that can be obtained at CalPERS’ website under the GASB 68.

**NOTE #10 – MORTGAGE NOTE PAYABLE**

The following is a schedule of changes in Tri-City’s mortgage note payable included in long-term debt for the fiscal years ended June 30, 2017 and 2016:

	<u>Balance Beginning of Year</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance End of Year</u>	<u>Due Within One Year</u>
<b>June 30, 2017</b>	<u>\$ 910,615</u>	<u>\$ -</u>	<u>\$ (25,071)</u>	<u>\$ 885,544</u>	<u>\$ 26,372</u>

On June 25, 2013, Tri-City’s mortgage note was refinanced for \$1,000,000 with monthly payments of \$5,888 commencing on July 25, 2013 and ending on June 25, 2022, at which time a balloon payment of the unpaid sum of principal plus accrued interest is due. The loan bears interest at 5 percent. As a condition to receive the 5 percent interest, Tri-City must keep cash balances at the lender’s bank equal to the outstanding loan. If the cash balance is less than the required amount for a consecutive 90 day period the interest rate will increase by 1.5 percent until the required balances are restored. Tri-City was in compliance with this cash requirement at June 30, 2017 and 2016.

Interest expense on the mortgage note for the fiscal years ended June 30, 2017 and 2016 was \$45,589 and \$46,942, respectively.

**NOTE #11 –MHSA REVENUES RESTRICTED FOR FUTURE PERIOD AND UNEARNED MHSA REVENUES**

MHSA funds received in the fiscal year that have been approved, allocated and available for use are recognized as non-operating income when received. Amounts received that have been approved for use in the next fiscal year are recorded as MHSA Revenues Restricted for Future Period in Deferred Inflow of Resources (see below) until the beginning of the period for which it was allocated and available for use. In addition, unrequested and unapproved MHSA funds received are included in Noncurrent Liabilities as Unearned MHSA Revenues. Once eligibility requirements are met, these amounts will be recognized into revenues or deferred inflows of resources.

Per the MHSA Statute, any funds allocated to a county/city which have not been spent for their authorized purpose within three years shall revert to the State to be deposited into the MHSA fund and available for other counties in future years. Based on the most current information, including guidance from DHCS and the most recent State Budget Trailer Bill (AB 114), passed in 2017, Tri-City has determined no amounts are subject to reversion as of June 30, 2017 and 2016.

Tri-City classifies the MHSA Revenue received but not meeting time requirements as MHSA Revenues Restricted for Future Period under the Deferred Inflow of Resources caption on the Statements of Net Position. As of June 30, 2017 and 2016 MHSA Revenues Restricted for Future Period are \$7,807,193 and \$6,756,856, respectively.

\* During fiscal year 2017 and through the stakeholder process, the amount of \$1.2 million in unspent funds was designated for future housing projects as part of the Permanent Supportive Housing programs which is included within the Community Services and Supports (CSS) Plan. This transfer was approved by the Governing Board in January of 2017.

***NOTE #13 – COMMITMENTS AND CONTINGENCIES***

**General**

Claims for damages that arise through the normal course of operations, alleged against Tri-City are generally filed with or referred to a claims adjuster through Tri-City’s insurance providers. As of June 30, 2017, and through the date of this report, management believes based upon consultation with legal counsel, that any such reported matters are not expected to have a material impact on Tri-City, that there is minimal exposure to Tri-City and that no case so reported exceeds existing liability coverages.

**Bankruptcy Filing**

In accordance with the confirmed Plan of Adjustment of Debts through the bankruptcy case, differences in “Bankruptcy Liabilities” which were subject to compromises as estimated by management, and the final allowed claims, were reconciled in fiscal 2008-09 through Tri-City’s objection process. In accordance with this process, Tri-City had the right to settle or object to the claims through January 12, 2009. All claim objections entered by Tri-City were either: (1) not opposed, (2) accepted by the Court, or (3) settled with the claimant. The effects of these objections or settlements were recorded in the period when they became known. The final adjustments to the allowed claims were recorded in fiscal 2009 (*Note # 7*). The initial payment of allowed claims commenced on April 9, 2009 and payments have continued through Fiscal 2017. Continued payments on allowed claims will depend on funds available as defined in the Bankruptcy Plan and the continued term of Tri-City’s contract with LAC DMH.

***NOTE #13 – COMMITMENTS AND CONTINGENCIES, Continued***

**Medicaid/MHSA Programs**

Tri-City participates in the Federal and State Medicaid (Medi-Cal) programs through its contract with LAC DMH. In addition, Tri-City participates in the State MHSA programs. These programs are subject to examination by the respective agencies overseeing the implementation of the programs and the amount of expenditures, if any, which may be disallowed by the responsible agency, cannot be determined at this time. Tri-City expects such amounts, if any, to be immaterial.

**Realignment and MHSA Funding**

Realignment and MHSA funding are based on taxes collected by the State. Due to the possible changing economic conditions continually experienced by the State of California, the collection of State sales taxes and the 1% tax imposed on individuals with personal income over \$1 million established through Proposition 63, could fluctuate.

**City of Pomona Housing and Urban Development (HUD) Loan**

In May 2013, Tri-City entered into a loan agreement with the City of Pomona (Pomona) to fund minor renovations of a property acquired by Tri-City that provides affordable housing to clients that are mentally ill and are homeless or at the risk of becoming homeless. The amounts provided by Pomona were accessed through Pomona's HOME Investment Partnerships Act Program established by the U.S. Department of Housing and Urban Development (HUD). The total loan commitment is \$147,183 and was contingent based on Tri-City meeting all conditions and covenants under the loan agreement. The disbursement of funds by Pomona to Tri-City occurred as necessary to carry out the purposes of the loan. The loan is secured by a Trust Deed on the property. The loan term is ten (10) years from the date of execution and is interest free. Upon the sixth (6) year (2020) anniversary of the completion date, and each subsequent anniversary date thereafter until the maturity date, Pomona shall forgive twenty (20%) of the original principal. The forgiveness of debt for each period is contingent upon Tri-City's compliance with the requirements of the loan documents for the full preceding year. During fiscal 2014-15 Tri-City received the final reimbursement of costs in the amount of \$57,167. At June 30, 2017, and 2016, the outstanding balance of the loan was \$147,183 and \$147,183, respectively.

***NOTE #14 – OPERATING LEASES***

Tri-City has entered into various operating leases for the use of equipment, parking facilities and office space. The lease payments range from \$108 to \$12,361 per month with terms ranging from "month-to-month" to eight-year terms as follows:

**Administrative Offices**

Tri-City has an agreement with the City of Claremont to rent a 4,000 square foot facility in Claremont to house its administrative staff. On September 1, 2015 Tri-City entered into a new lease for a term of five years with a monthly rent payment of \$7,123 and an annual adjustment based on CPI. The rent expense for this facility at June 30, 2017 and 2016 was \$86,544 and \$85,476, respectively.

**Office Space – Royalty Building**

Tri-City leases various suites within a medical building complex from 1900 Royalty Drive, LLC. These leases are for office space for the QA/Best Practices program and various mental health programs including Children and Family Outpatient Clinic and Full Service Partnership services.

On June 1, 2014 Tri-City entered into a new agreement for the rental of additional office space suites and simultaneously cancelling (without penalties) the lease to another suite within the medical building complex. With the addition of the new eight year lease signed on June 1, 2014, Tri-City expanded all leases to an eight year lease with lower cost per square foot. During fiscal year ended June 30, 2017, there were a total of three leases with monthly payments ranging from \$4,234 to \$12,361. The remaining minimum required payments for the Royalty Building leases are as follows:

<b>Years Ended June 30,</b>	<b>Lease Payments</b>
2018	\$ 328,963

**Housing Program**

As part of programs to provide housing for those in need, Tri-City rents properties for the purpose of providing temporary living accommodations to various tenants. During fiscal 2017 and 2016 Tri-City rented a total of five properties under one master lease that expired on May 31, 2011. From June 1, 2011 to May 31, 2014 the lease was on a month to month basis. On June 1, 2014, Tri-City had entered into a one year master lease with a monthly rental payment of \$5,315 however as of June 1, 2015 the lease is now on a month-month basis with the same monthly payment. In order to develop tenant self-reliance and independence, Tri-City charges a nominal fee as rent based on income criteria. Rent expense paid by Tri-City was \$53,962 and \$53,551 at June 30, 2017 and 2016, respectively. This expense is reflected as an operating expense in “Client lodging, transportation, and supply expense.”

**Equipment**

Tri-City has entered into various leases for the rental of office equipment. The monthly payments range from \$108 to \$1,519 and the rental payments are classified as operating expenses in “facility and equipment operating costs.”

The remaining minimum required payments on equipment leases are as follows:

<b>Years Ended June 30,</b>	<b>Lease Payments</b>
2018	\$ 73,175
2019	58,930
2020	48,180
2021	29,078

***NOTE #16 – CONTRACT WITH LOS ANGELES DEPARTMENT OF MENTAL HEALTH***

The Los Angeles County Board of Supervisors originally approved Tri-City’s three year contract with LAC DMH to provide Medi-Cal services to the residents of the tri-cities of Pomona, La Verne and Claremont which was renewed in June 2014 for fiscal years 2015 through fiscal 2017. In June of 2017 a three-year agreement was once again renewed (1 year agreement with two optional extension periods to June 30, 2020) with a contract maximum of \$7.3 million. The original annual maximum contract amount was \$6.2 million and during Fiscal 2015-16, the contract maximum for Fiscal 2015-16 was amended to \$7.3 million. This contract allows the County to pass through Medi-Cal Federal and State reimbursement for Medi-Cal eligible services provided by Tri-City under the Agency’s outpatient clinics and it’s MHSAs programs including Full Service Partnership programs.

***NOTE #17 – RELATED PARTY TRANSACTIONS***

The Cities of Pomona, Claremont and La Verne, as member agencies, contributed funds in the amount of \$70,236 in 2017 and \$70,236 in 2016 to support the operations of Tri-City as required by Realignment legislation. In addition, Tri-City has leased a 4,000 square foot facility from the City of Claremont to house its administrative staff (*Note #14*) and entered into a Loan Agreement with the City of Pomona to receive funds for the minor renovations of a housing property that provides affordable housing to Tri-City mentally ill clients (*Note #13*).

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Governing Board of  
Tri-City Mental Health Center  
Claremont, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Tri-City Mental Health Center (Tri-City), as of and for the years ended June 30, 2017 and 2016, and the related notes to the financial statements, which collectively comprise Tri-City's basic financial statements, and have issued our report thereon dated October 6, 2017.

***Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered Tri-City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tri-City's internal control. Accordingly, we do not express an opinion on the effectiveness of Tri-City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether Tri-City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
